WORLD NEWS IN REVIEW

LINDBERGH

While small-minded, chauvinistic club members voted to boycott Anne Morrow Lindbergh's "Listen, The Wind!", headlines blazed with the most friendly publicity the hounded Lindberghs have received in many a day. "Lindbergh Bares Nazis' Air Power" read the headline and the story beneath revealed that rather than hobnobbing with Germany and Russia, Lindbergh has really been making fools of Messrs. Hitler and Goebbels for the benefit of world democracy.

Lindbergh's chief contribution to U. S. knowledge was that Germany, far ahead in mass-production of planes, is now prepared to invade the world's commercial air markets.

PRESSAGENTS

Despite Republican roars and the law, the administration of Franklin Roosevelt has hired more publicity experts than any other in U. S. history. However, the publicity crew doesn't like to be called pressagents and so have affixed handles like "information chiefs" or just plain 'assisstants.' Most ambitious of the lot is probably Pressagent Michael Wolf Straus—he's the man who keeps Harold L. Ickes on the front page and in the public eye.

SACRAMENTO

A move to liberalize California's pension for the needy aged was made in the legislature Wednesday with introduction of a bill sponsored by the influential State Federation of Labor, an AFL affiliate, proposing to increase monthly payments from $35 to $50, at a cost of 50 million dollars biennial to the taxpayers.

OUR FAIR

One month from Wednesday the Portals of the Pacific on Treasure Island will swing open. In the meantime, the island is denied to all but workmen and directors who are hastily completing the finishing touches for the grand opening February 18.

Palaces in the main exhibit group —the Palace of Mines, Metals and Machinery; Palace of Electricity and Communication; Hall of Science; Vacationland; Palace of Foods and Beverages; the Fine Arts Palace; the Palace of Homes and Gardens—all swarm with builders, installing exhibits.

APPOINT KOST NEW HEAD OF RELIEF HOME

Local Man Has Wide Range Of Experience For New Position

Appointment of B. G. Kost, Daly City fraternal leader for more than a decade, with a record of hospital and relief work in Chicago and Spokane, as the new superintendent of the county relief home, was announced Wednesday by Health Director Charles C. Gans.

County Executive Fred Peterson immediately confirmed the appointment, and praised Dr. Gans for an "excellent choice."

Kost, 115 Winchester street, will succeed James R. Eubanks, deposed superintendent.

Abolish Matron Job

At the same time, Dr. Gans and Executive Peterson announced that in all probability the position of Relief Home matron, held by Mrs. Eubanks, will be abolished and the salary used to better the nursing service at the institution.

Kost has been a resident here fifteen years. Prior to coming to California, he was for seven years a member of the board of directors handling the affairs of the Spokane county (Wash.) old folks' home, and for five years assistant superintendent of the Desplaines Home for the Aged at Chicago.

With Federal Bank

He has had six years of medicine, including two at the University of Minnesota and four at the Cook county and West End hospitals of Chicago. Since coming to this county he has been connected twelve years with the Federal Reserve bank, which qualifies him for the accounting end of the Relief Home administration, according to Dr. Gans.

Kost is now chairman of the old age pension committee of the Eagles lodge in the county, and is prominent in the Knights of Columbus.

Supervisors Capitulate On Survey

After an hour and a half argument, the San Mateo County Board of Supervisors Tuesday capitulated to the demands that a request be made to the Federal health agency for a survey of San Mateo county's health facilities and needs.

The controversial issue, which has raged for more than a year, finally ended with the board acting on the recommendation of County Executive Fred Peterson, when he urged the supervisors to call immediately on Dr. Walter M. Dickie, state health director, to put the request before the United States public health service.

The crowd of more than 150 men and women, most of whom were drawn to the meeting by the survey row, filled the supervisors' chambers to overflowing.

"Ninety per cent of the citizens appear to favor the survey, and they will never be satisfied until it is made," Peterson said. "I have nothing against the department, but let us get the facts. My recommendation is, let us have the survey."

The supervisors capitulated after pointing out that the USPHS itself—through Dr. Francis A. Carmelia, the regional consultant in San Francisco, had urged that the request be withheld until Dr. Charles C. Gans, county health doctor, has completed the consolidation of all city health activities with the county unit and has consolidated the school and public nursing services.

Demanded by Many

Board members contended that the survey would extend to only 60 per cent of the county, inasmuch as the consolidation is not complete.

Demands for the survey were led by the Reverend Sidney H. Buckham, pastor of San Mateo Congregational church, representing some twenty-five organizations whose members believe that the "health situation here is not what it should be, consistent with the size and wealth of the county."

Central Labor council groups, Labor's Non-Partisan league, the International Workers' order, the Peninsula League of Women Voters and various women's organizations added their demands for the survey.

Against Survey

A handful of protestants, including Winfield Scott, County Civic league secretary, and Mrs. Catherine Middleton, coastside leader, urged the board not to request the survey until its necessity and the purposes it would accomplish, were explained. Mrs. Harry Dana, county relief commission member, said any accusations that there is a case of want or neglect in the county "constitute a blot on the county's name."

Announces Appointments

At Tuesday's meeting, Chairman H. H. Smith also announced appointment of the following board of supervisors committees for the ensuing two years:

Health and Welfare: Supervisor Hatch, chairman; Supervisors Beer and Poole.

Ordinance: Smith, chairman; Supervisors Beer and Lynch.

Buildings: Beer, chairman; Smith and Pool.

Utilities: Lynch, chairman; Smith and Hatch.

Parks: Beer, chairman; Poole and Hatch.

Finance: Lynch, chairman; Smith and Beer.

Highways: Poole, chairman; Hatch and Lynch.

G.O.P. in Caucus

JOSEPH W. MARTIN

Representative Joseph W. Martin, jr., of Massachusetts, chairman of the Republican congressional committee, is expected to be elected house minority leader Sunday when G. O. P. solons hold their caucus in Washington. The last minority leader was Representative Bertrand H. Snell of New York.

Real Estate Board Opposes Bayshore Hospital

Urging reconstruction of Bayshore highway into a divided thoroughfare and condemning the plan to construct a hospital at Mills Field, a resolution presented by retiring President Frank Bartlett, of the Burlingame-San Mateo Real Estate board, was unanimously adopted at a meeting of the board early this week.

The resolution condemned the plan to construct a hospital at Mills Field as an attempt by the City of San Francisco to foist on San Mateo county the job of maintaining a hospital for the San Francisco airport.

Captain Bartlett further urged that County Executive Frederick Peterson and the county board of supervisors, as well as State Senator Harry Parkman and Assemblyman Harrison Call, receive copies of the resolution so that they might press the matter in the legislature to obtain quick action.

Remove Cause

In commenting on the divided highway proposal — which is deemed by traffic experts to be the ultimate in traffic safety methods—Captain Bartlett said, "Let us remove the cause and we will not need a hospital."

The resolution asked Peterson and the board to defer action on the proposed hospital until all the facts are known.

The proposal that a hospital for traffic accident victims should be established at the airport was made by Colonel Robert Roos, Hillsborough. Present status of the proposal is that it has been referred to a joint committee to be named by Rossi and Peterson.

Dr. L. A. Drees

Dr. L. A. Drees, head of the Junipero Serra hospital, Colma, recently pointed out to the board of supervisors that entirely adequate emergency hospital facilities and ambulance service are already available in San Mateo county.

Daly City Directory Out Soon

Information — information — and more information was stacked in heaps on editorial desks of the Daly City Record this week as groundwork was completed and actual writing and editing was started on the Daly City Directory.

The directory—a 48-page book scheduled to be off the press by February 18, date of the World Fair premiere—will contain a complete description of all the physical, social, and economic factors which make up this community.

For the first time, a history of Daly City and description of its current officials, departments, schools, churches, organizations, residential, and business advantages will be gathered together in condensed book form.

FEATURES

Pictures of Daly City's public officials, pictures of school, civic, church buildings, typical local homes, and the business centers will be included in the directory. A map of Daly City, organization directory, and emergency call page which will list the fire department, police department and ambulance service telephone numbers at one's fingertips—these are only a few of the many excellent features to be included in the directory.

BUSINESS

One primary purpose of the book is to give local business houses and professional men an auxiliary newspaper advertising medium. Several pages will be devoted entirely to a classified business directory. When local residents require a service or wish to purchase merchandise they may easily and quickly locate the person or firm here that is prepared to fill their requirements.

And there's to be no outside competition. Following its consistent policy of loyalty to local business interests, The Record will accept no outside advertising for the directory

CHAMBER BOARD OF DIRECTORS OUTLINES PLAN

Community Center Drive, Transportation Among Major Objectives

Three hours of rapid discussion and action by the Daly City Chamber of Commerce Board of Directors Wednesday evening resulted in a definitely outlined plan for a far reaching program of 1939 activities.

To establish a credit bureau here, to sponsor a campaign in an effort to secure an adequate community center for Daly City, and to solve the transportation problem here are headline items of the program. Minor activities will include World Fair premiere celebration and a systematized method of merchant prize and charity donations.

ELECTION

Officers elected for the year were: A. J. Gaggero, president; Al Bulf, vice president; and John Sireix, treasurer.

Members were appointed to three standing committees: membership committee—Fred Knoll, chairman, A. Milo, and A. J. Gaggero; finance committee—John Sireix, chairman, R. L. Crane jr., and Paul G. Selmi; executive committee—Paul G. Selmi, chairman, E. Keithly, and Fred Knoll.

President Gaggero appointed four additional committees: community center committee—A. J. Bertini, chairman, A. P. Chesney (additional appointments are to be made on this committee); credit bureau committee—S. L. Crawford, chairman, H. H. Smith jr., and John Sereix; transportation committee—Paul G. Selmi, chairman, R. L. Crane jr., and A. J. Conci; World Fair premiere committee—Albert H. Boynton, chairman, Al Bulf, and B. L. Meritt.

Albert H. Boynton was appointed executive secretary for the chamber of commerce.

CALIF. PARENTS-TEACHERS CONGRESS PLAN TO INTRODUCE LEGISLATION AT '39 SESSION

Definite Action Taken By State Board of Managers at Two-Day Conference, January 10-11, Held at Chancellor Hotel in Los Angeles

For the first time in its history the California Congress of Parents and Teachers will introduce legislation at the 1939 session of the State legislature. Definite action to proceed in the drafting and presentation of two bills was taken by the State Board of Managers which concluded a two-day session, January 10 and 11, at the Chancellor hotel, Los Angeles.

"For many years our organization has endorsed and actively supported certain legislative bills that have been introduced by other groups interested in the same field of endeavor," said Mrs. James K. Lytle, State president, "but these two measures—one providing for special education of the mentally handicapped and socially maladjusted child; the other authorizing cities and counties and school districts to make provision for community recreation—are so badly needed that it is most important that we take this step." Mrs. Lytle further commented that the action was taken after a thorough study over a long period of years. "These bills, if enacted into law, will go a long way toward the prevention of juvenile delinquency," Mrs. Lytle stated.

The board unanimously voted an expression of appreciation for the action taken by Judge Robert H. Scott, presiding judge of Los Angeles Superior Courts, by Judge Clarence Kincaid, master calendar judge in charge of criminal cases in Los Angeles county, and the presiding judge of the Los Angeles Municipal Court, Judge Wilbur C. Curtis, resulting in a procedure which excludes spectators from trials where children are involved.

BILL FOR MENTALLY HADICAPPED

The bill for more adequate instruction for the mentally handicapped children will be drawn along the lines of the present section for physically handicapped children. It will be an entirely new section in the school code. It will provide for an additional grant of $200 for each school term above the cost for the normal children; children will be selected on the basis of clinical studies made by specialists in psychology, these examiners will be approved by the governing board

Elect Local Boy Jaysee President

Harry Prongos, former Jefferson Union high school student and athlete, was elected president of the San Mateo junior college student body for the coming spring semester at elections held this week. He defeated four other candidates for the office.

Since coming to the college Prongos has taken part in college athletics and other student activities.

COUNCIL APPLIES FOR NEW PROJECT

Development of a playfield at Vista Grande park, installation of a watering system and construction of bleachers were three of the items included in a WPA construction project proposed by the city council Monday evening. To grade, build bulwarks, and lay out a tennis court in the Crocker park are to be included in the construction program.

Assistant City Engineer Mosher was instructed to prepare and file the WPA construction application.

THEATRE PARTY

The Daly City Record wants 100 new subscribers by February 1. In order to reach this goal, The Record circulation manager is planning a gala children's theater party for Saturday afternoon, January 28.

To any local school boy or girl who turns in a new one month paid in advance subscription (subscription rate is 25 cents per month) The Record will award a free ticket to the theater party.

World Fair May Aid Indian In Comeback As Fine Artisan

They've always been talking about giving the country back to the Indians, but at last someone is doing something about it.

Rene d'Harnoncourt, general manager of the Indian Arts and Crafts Board of the Department of the Interior, is installing in the United States Building at the 1939 Golden Gate International exposition the most elaborate Indian exhibit the government has ever presented. It tells the story of the Indians of today and tomorrow, seen against a background of yesterday, and is designed to help put them on their feet economically by showing them as master artist-craftsmen rather than as the producers of cheap souvenirs.

"It is hoped," d'Harnoncourt says, "that this presentation of the Indian past will give the public a new understanding of the proud Indian heritage, and will give the living Indian a chance to prove that he is the keeper of values which, if they were better known, could be an important contribution to modern civilization and the means of his finding a better place in the contemporary world."

The Indian exhibit will be in seven different halls, the first of which will give a general historical presentation showing in a dramatic way where the Indian came from and will illustrate the little-known fact that the American Indian, with all his tribal and linguistic differences, really is divided into just six groups, based on the different environments and modes of living in different parts of the country.

These six groups are the fishermen of the Northwest coast, the seed and root gatherers of California, the hunters of the plains, the Eastern woodsmen, the Pueblo corn planters, and the Navajos

DONATES VASE

Louis Dielissen, 358 Woodrow street, recently donated a large concrete vase to the city. The huge piece of art work, measuring approximately 4 feet high and more than 3 feet in diameter, was set along the roadway entering the southern side of Vista Grande park.

City councilmen sent a warm thank-you to Mr. Dielissen for the donation.

LOCAL GRAMMAR SCHOOL PUPILS PRESENT OPERETTA AT MODERN TYPE GRADUATION EXERCISES

Program Is Staged at Jefferson Union High School Auditorium on Thursday, January 19; Awards and Diplomas Given

Daly City witnessed a modernized type of graduation exercise last night (Thursday) when grammar school students of the Jefferson school district received their diplomas. Departing from the formalized ceremony of former years, the pupils of this year's graduating class presented a light opera, "The Pioneer's Papoose" at the Jefferson Union high school auditorium.

The operetta symbolized the unification of cultural and practical aspects of present-day trends in education. The music was under the direction of Miss Muriel Mosconi, music supervisor; costumes were made in the sewing classes under the supervision of Mrs. Marion Hewner, home economics teacher, while stage sets, designing and art work for the programs were completed by the art classes with Mrs. Rose Corral directing activities. The principal characters in the production were coached for their parts by the principals of the three schools: Miss Aileen Suber, Crocker; Miss Marie Traynor, Jefferson and Miss Marjorie Tobias, Woodrow Wilson.

Present Awards

Following the presentation of the musical production, the district scholarship was presented by Mrs. Gerry Glanville, president of the American Legion Auxiliary Post No. 410. This scholarship is given by the auxiliary to the boy or girl who has achieved the highest scholastic record in the district. An American Legion Medal Award was presented by George Stubbles, commander of the American Legion Post No. 410, to the boy and girl in each school who have been outstanding in citizenship traits. The fortunate pupils to receive these medals were: Earlyn Barker and Raymond Vercauteren, Woodrow Wilson; Helen Nordquist and Ernest Anderson, Crocker; Emelia Bertini and Alfred Giusto. Jefferson. P. T. A. scholarship awards were presented by Mrs. Louise Laston, Woodrow; Mrs. H. L. Remington, Jefferson, and Mrs. Virginia Davidson, Crocker.

Operetta Cast

Cast of "The Pioneer's Papoose" included Salvatore D'Urso, Chief Tomahawk; Ernest Anderson, Price Whiteface; Jack Faulk, Layemout;

Woodcraft Shop Reopens Monday

Approximately 61 boys will resume activities Monday afternoon at the Woodcraft shop, 6270 Mission street, following completion of the painting of the outside of the building this week.

In making this announcement, Jerry Hull, director of the Daly City recreation department, stated that classes will be held regularly every afternoon from 3 to 5 p. m. Instruction will be offered in such subjects as wood-carving, model airplane building, bone-carving and woodburning.

The work will be under the direction of George Perada. All boys between the ages of 8 and 14 years are invited to participate.

WAR DEPT. MAY SURVEY COASTSIDE

Passage of the bill authorizing the war department to conduct a survey of the San Mateo county coastside for construction of a breakwater near Half Moon bay is assured, according to Attorney W. H. Morrissey of Redwood City, at present in Washington on behalf of the breakwater.

Morrissey wired Supervisor Alvin Hatch of Half Moon Bay Monday that the revised bill will be given the rivers and house committee and is certain of committee approval. This assures passage by congress, says the wire.

With passage of the bill, U. S. army engineers will conduct a survey.

DALY CITY AUTO DEALERS SAY 1939 PROMISES TO BE BEST SALES YEAR IN LOCAL HISTORY

Almost Every Modern Model Shown At One Of Local Car Agencies

Managers of Daly City's six automobile agencies smiled optimistically this week as they announced to a Record representative that 1939 promises to be the best year of their history.

"We're selling more cars, giving higher appraisals on trade-in autos and are prepared to give customers better service than ever before." This was their answer to the query "How's business?"

While each of the dealers seemed very optimistic and quite satisfied with their present volume of business, they nevertheless expressed one universal desire—

"That we might serve every local resident instead of having home towners go outside the community to purchase their new cars or have their present ones serviced.

The dealers did not express a selfish desire for all local trade, but in a very logical business-like manner a whole string of reasons why they wished to serve.

ALL POPULAR MODELS

First—the six local agencies represent nearly every automobile manufacturer and sell all the popular models. Beili Motor Company, Mission and Market streets, are agents for Buick and Chevrolet. Donahue and Laufenberg, 6259 Mission street, sell and service DeSotos and Plymouths. The new Chrysler models and Plymouths are handled by Mission Auto, 6465 Mission street. Ford Motor Company is represented here by National Auto Company, 7350 Mission street. Pantaleoni Brothers, 7046 Mission street, have the local Dodge and Plymouth agency. Studebaker automobiles are sold and serviced locally by William J. Sweeney, 6806 Mission street.

Year by year these agencies have developed reputations of solid integrity and friendly service. They are prepared to give as fine automobile service and sales deals as can be had anywhere in the Bay area.

With warm smiles which indicated their business policy, managers of Daly City agencies announced that starting next week, they contemplated participating in a special new Daly City Record automobile feature in which congratulations will be extended week by week to new car buyers.

Chief Will Answer All Queries On Traffic Rules

Editor's note — Traffic questions should be sent to Chief Cato at Sacramento. Answers will appear at an early date. Following are a number of important questions regarding California traffic regulations and their answers.

Q—Who has the right of way on a steep mountain grade where the road is narrow and winding—the person going up or the one going down, and why? H. B.

A—The person going up has the right of way. The reason for this is apparent as the driver of a loaded vehicle going up grade, if attempting to back into a space to permit the descending vehicle to pass, could easily lose control and plunge over the edge of the road. It is a safety measure.

Q—How long can I park my car in front of a fire hydrant? Y. T. M.

A—No person shall stop, park or leave standing any vehicle within fifteen feet of a fire hydrant except when local authorities indicate a different distance by signs or markings, and except when such vehicle is attended by a licensed operator or chauffeur who is seated in the front seat and who can immediately move such vehicle in case of neccessity. The time allowed usually is the same as for other vehicles in the same area.

Q—Where in a business district am I permitted to turn my vehicle? Q. P.

A—To turn so as to proceed in an opposite direction, only at street intersections in a business district. In a residence district it shall not be turned when any other vehicle is approaching from either direction within 200 feet, except at an intersection.

Q—Which driver at an intersection has the right of way? J. L. McA.

A—The driver of a vehicle approaching an intersection shall yield the right of way to a vehicle which has entered the intersection from a different highway. When two vehicles enter as above stated, at the same time, the driver on the left shall yield the right of way to the driver of the vehicle on the right.

Q—Recently I parked my car at a curb where there was a slight grade. I carefully complied with all legal requirements. During my absence some one opened my car door, released the emergency brake and my car crashed into a vehicle ahead damaging the rear fender. This was done to permit someone to park behind my car. Is there any way in which I may take action against this person as I know who they are? V. V. M.

A—You may request issuance of a complaint and warrant charging violation of Section 504 of the Vehicle Code as it is a misdemeanor for them to have done as you allege.

PAUL RAUSCHAN DIES

Paul Rauschan, 26, a native of Daly City, died Sunday, after a long illness.

The surviving relatives are his father, Steven Rauschan and his step-mother, Christana Rauschan, Bellevue avenue. He was the son of the late Rozi Rauschan.

Funeral services were conducted from the W. C. Lasswell and company mortuary chapel at 9 o'clock Wednesday morning. Requiem high mass was celebrated at Our Lady of Perpetual Help church, beginning at 9:30 o'clock.

Interment was in Holy Cross cemetery.

Entertains Delta Club

Mrs. Lillian Negherbon, Parkview avenue, entertained the members of the Delta Club at her home Tuesday evening.

Cards were enjoyed and refreshments served to the following members: Mesdames Dorothea Brush, Jessie Curtin, Viola Callan, Adeline Cullum, Edith Schaeler, and Tina Cameron.

CANARIES WIN CUPS

Mrs. A. B. Crown of Felton, Santa Cruz county, entered her sweepstake birds in the International brand champion show held at the Empire hotel in San Francisco last weekend.

The contest was sponsored by the San Francisco Roller Canary club. Mrs. Crown's birds won three gold cups, including that of champion of champions.

Mrs. Crown is a sister of Mrs. Nora Barazoto, Peoria street.

What Experts Say

At a conference on street and highway safety held recently in San Francisco, the following interesting statements were made by various experts participating in the discussion:

That a traffic official in Los Angeles had estimated that 60 per cent of the accidents involving motor vehicles were due to left-hand turns.

That eastern people seemed to obey the rules of the road such as dimming their lights returning to the right-hand lane, much better than western travelers.

That in California 21 per cent of the motor accidents are on rural State highways and that these same rural State highways carried 33 per cent of the traffic; that the officers who prepared the accident reports make an estimate of the causes of accidents and in only 15 per cent was excessive speed listed as causing the accident.

SAN MATEO COUNTY TRAFFIC SAFETY COMMISSION.

TROOP NO. 141

First hike of the new year was to Hungry hollow with a side trip to Hungry hill. As most of the troop's members work on Saturdays, only a few were able to enjoy this outing. Scouts Edward McIntosh and Richard Russell represented the Waterdog patrol; Scout Henry Herting, the Indian patrol and Scout Robert Sutherland, the Pioneer patrol.

Joseph Straughan, leader in charge, made "solamagoozalem" for lunch as promised and it was well received. Scout Henry Herting passed his second class cooking test by cooking a kabob and two potatoes without utensils. Scout Richard Russell passed second class tracking test. Henry tried but he lost the "smell" and will have to try another day.

Indian Patrol Hike

School sports seemed to have chiseled in on this event to the extent that only the patrol leader, Richard King, showed up to go. The trip was made in the hope that others would follow, but they didn't come! "Anyhow we had a good time. Ask us both," said Mr. Straughan.

Regular Meeting Omitted

As has been the custom since the beginning of the troop we only had a reporting session of the troop due to grammar school graduation ceremonies yesterday (Thursday) evening. Usually some of our members are graduating and we attend the ceremony.

CUB PACK NO. 141

The January meeting was the pack's best one since its inception. Every cub present had passed two tests and one of them required the making of a handicraft article. This resulted in a grand display of cub-made articles which were arranged by the den mothers on tables to be viewed by visitors who were to vote for the best article in each den display. The maker of the chosen article received a prize.

Mathew A. Bailey, cubbing commissioner for San Francisco Area council, was present and presented the pack with its annual charter. He also presented the following scouts with den chief warrants: Richard Russell, Kenneth Claussen, John Mosman, Henry Herting, Robert Sutherland and Donald Laston.

Commissioner Bailey expressed himself as very well pleased with the operation of Cub Pack No. 141. He praised its fidelity to the program as set forth by the national council, and particularly the monthly meeting plan for the pack instead of the weekly meeting as so many packs use.

Rag Drive

The cubs of Pack No. 141 will hold a rag drive on Saturday. They will concentrate on the East of Mission district.

TROOP NO. 101

Troop 101, Boy Scouts of America, Our Lady of Perpetual Help parish, is organizing a cub pack. Boys whose age this month is 9, 10 or 11 years may join.

For details see Scoutmaster Francis Coughlin, 443 Irvington street. Phone Delaware 7929.

Mrs. Mabel Lopez and daughter Tina, San Francisco, were dinner guests Wednesday at the home of Mr. and Mrs. Anton Michelsen, Willits street.

COAST HIGHWAY

Motorists driving to Los Angeles via the Coast route during the winter months are cautioned by the touring department of the National Automobile club to follow U. S. Highway No. 101 between Ventura and Los Angeles rather than No. 101-A, also known as the Roosevelt highway. This latter route is subject to slides during rainy weather and while every effort is made to keep the road open, it is likely to be closed temporarily or to be very muddy after the slides have been cleared.

Forty per cent of the pedestrians killed in cities tried to cross the street in the middle of the block, according to the safety department of the National Automobile club. Pedestrians should always cross at the corner and with the traffic signals. Jaywalking doesn't save time—and it may mean a painful and costly experience.

STUDEBAKER WINS GILMORE-YOSEMITE ECONOMY RUN

Earl B. Gilmore, left, president of the Gilmore Oil Company, presents the grand sweepstakes award to Wm. C. Martin, driver of the Studebaker Commander whose 25.7 miles per gallon also took first place in its class in the Gilmore-Yosemite Economy Run.

Studebaker Wins Sweepstakes

"It was great winning the sweepstakes and two first places but the fact that the Studebaker Commander 6 used less gasoline than any of the 6, 8, or 12 cylinder entries is even better."

That was the statement made by William J. Sweeney, local Studebaker distributor, 6806 Mission street, when notified of the official results of the Gilmore Yosemite Economy run. Figures released by the contest board of the American Automobile association show that with an economy performance of 25.7 miles to the gallon the Studebaker Commander 6 won the blue ribbon sweepstakes participated in by all entries and another trophy for capturing first place in its class. The President eight cinched third place in the sweepstakes and first place in its class with a record of 22.9 miles to the gallon.

In fairness to all contestants positions were figured on the ton mile basis which compensates for weight differentials. The Studebaker Commander's 55.8 ton miles per gallon was the best performance and won the major award. However, Mr. Sweeny points out that in making 25.7 miles to the gallon the Commander 6 actually turned in more miles per gallon and consumed less gasoline than any other 6, 8, or 12 cylinder entry regardless of size or weight.

"This record," says the local Studebaker dealer, "further proves the 1939 Studebakers to be real thoroughbreds—at their best in any kind of going."

Mrs. Blanche Rollins entertained a group of friends at her home on Hillcrest drive Friday evening of last week.

Mrs. Louise Cook, Bepler street, returned to her duties at the Daly City water office Wednesday. She had been ill for several days.

TIMOSSI CITES SALES BETTER THAN IN 1937

Local Chrysler Dealer Tells Of Improved General Conditions

Improved business conditions, locally and throughout Northern California, were brought sharply into focus last month, when automobiles sales showed a substantial gain over December of 1937, according to A. L. Timossi, manager of the Mission Auto Company, Chrysler-Plymouth dealer here.

"Because it is one of America's major industries," said Timossi, "automobiles may justly be considered a barometer of American income. One of the first things the average man considers when his earnings increase is the purchase of a new automobile, so that he and his family may enjoy the out of doors during leisure hours.

Sales Increase

"Chrysler sales for December jumped 74 per cent over those of a year ago. This phenomenal increase may be traced to the fact that people have more money to spend, and also, motorists have been quick to realize the many extra value features to be found in the 1939 Chrysler.

"Our business in December surpassed our greatest expectations and we anticipate that during the next 4 months we shall nearly double our business during the same period of last year."

Timossi revealed that Chrysler placed first in its class during the recent Gilmore Yosemite economy run. Average mileage for the trip was 23.47 miles per gallon.

License Renewal Period Half Over

Passing the half-way point this week, the 1939 period for renewal of automobile registration in California will have only two weeks to run after Saturday. Time to apply for new plates and avoid penalties expires at midnight, February 4.

Penalties for failure to apply within the time limit are a six dollar registration fee instead of the regular three dollar, and a 50 per cent increase in the amount of vehicle license fee based on car value. Applicants for renewal are required to present their registration certificate for 1938. The postcard notice of total fees due also should be presented.

Plates are being issued by the Department of Motor Vehicles at offices in various cities and by the California State Automobile association to member motorists at district offices in 33 cities.

Notices of intention to wed were filed in San Mateo county by Urbane Maffei, 31, and Josephine Maffei, 25, both of Colma and Roland Petrocchi, 23, and Agnes Kapor, 17, both of Daly City.

GILMORE-YOSEMITE Economy RUN

1st & 3rd places in Sweepstakes to Commander "6" and President "8"

Remarkable gasoline economy made in face of adverse driving conditions!

First place in the sweepstakes award for the Gilmore-Yosemite Economy Run goes to a Studebaker Commander "6" sedan. Third place in the sweepstakes was won by a President "8" sedan. Actual miles per gallon, as officially recorded by A. A. A., was 25.7 for the Commander and 22.9 for the President, each first in its price class.

The important fact for all motorists to realize is that the Commander actually used less gasoline than any other six-cylinder car in the run, and of course, less than any "eight" or "twelve."

Horse Racing Board Submits Biennial Report

Citing that the provisions of the state law for the encouragement of agriculture and the breeding of horses is being substantially carried out, and that the sport of racing has been established in California on a firm and enduring basis, the California Horse Racing board: Carleton F. Burke, chairman; Samuel M. Haskins and Henry Potter Russell, with Claude C. Buchanan, secretary, has submitted its third biennial report.

It covers the period from December 1, 1936, to November 30, 1938, and it sets forth the following information:-

Receipts to the state from all sources totalled $5,186,114.80, an increase of $2,427,248.04 over the biennium ending November 30, 1936.

The huge sum of $4,056,980 was paid in purses and stakes by licensed associations and fairs, and the major portion of this amount was won by Western breeders and owners—California-bred horses winning 1,368 races.

Fees and licenses and registrations amounted to $30,831.

The cost of administration was $45,454.30. On the basis of the last fiscal or calendar year—$24,445.74 being the board's operating expenses during that time—the percentage of expense to revenue amounts to less than 1 per cent. From records available this is the lowest in the United States. (The board members receive no compensation for their services.)

With the exception of this sum, and $10,000 yearly to the Department of Finance, all revenue is allocated to state, county, agricultural district, and citrus fairs, and to our agricultural schools and colleges. The money is spent for their support and improvement, and is vital to their progress.

BREEDING FARMS

Many splendid breeding farms have been established and stocked with the finest thoroughbred stallions and broodmares. These breeding farms, and other racing activities, provide permanent employment to thousands of Californians, and furnish a ready outlet for the agricultural products of the state.

Owing to the great public interest in the sport the racing associations have been highly successful, resulting in greatly increased purse and stake programs, unequalled in the history of national racing. This interest has also resulted in the expenditure of millions of dollars in the improvement and beautification of racnig plants. These beautiful race courses, and the high plane upon which the sport is conducted, now constitute one of the major tourist attractions of California. They not only attract the great racing stables of the country, but a multitude of sports-loving people who spend annually millions of dollars in this state.

A new book of rules to govern racing in California, adopted early in 1938, has for its purpose the elevation of the sport and the protection of the public and all those participating in racing.

Mr. and Mrs. Frank McDermott and children Bernard and Anna Mae, Templeton avenue, were among the dinner guests at the home of Mr. and Mrs. Dick McGunnigle in San Francisco Tuesday evening. On the way to work his car was hit by another auto at Potrero avenue and Eighteenth street, San Francisco. He was treated at the San Francisco hospital. Driver of the car which hit Mr. Anderson was reported drunk.

Dr. Kerr Reports Worry Worse Than War

Clinical proof of the saying that worry causes more deaths and general misery than war, but does so needlessly in many cases, was offered to the staff of the Mayo Clinic in Rochester, Minnesota, by Dr. William J. Kerr, head of the department of medicine of the University of California Medical center, in a recent invitational address.

Blasted romances, business deals that go wrong and the feeling of lack of personal security, have been determined as the chief causes of the destructive anxiety state in humans, as a result of studies extending over many years, Dr. Kerr said. Withal, the cure appears to be relatively simple, once the patient is aware of the real cause of his condition and takes measures to check that cause.

Characteristic symptoms are overbreathing, which might also be termed too much sighing, which causes the loss of so much carbonic acid gas from the blood that alkalosis sets in, muscular spasms, cramps, palpitation of the heart, trembling, weakness, sweating, numbness of extremities, occasional dizziness and sensations of bands around the head and the neck. These symptoms may be made worse by taking the alkaline substances so often recommended. Relief can be obtained almost invariably if the patient can be shown that anxiety is bringing on the remainder of the symptoms. While it may not be possible to remove the cause of anxiety, a correction of the over-breathing can bring relief. Avoidance of the alkaline substances and the substitution of acid substances, such as meats, butter and cream, therefor, make it more difficult for the symptoms to arise. Sedatives sometimes have a temporary value, but should be taken only as a last resort.

The well known "soldier's heart" experienced widely during the World War, was merely functional change brought about by the anxiety state, but appearing in more pronounced fashion than in civil life, Dr. Kerr explained.

THE CONFLICT

"For the flesh lusteth against the Spirit, and the Spirit against the flesh: and these are contrary the one to the other." (Gal. 5: 17).

Man is a being who possesses a two-fold nature—the fleshly man and the Spiritual man. These two natures are directly opposed to each other.

The fleshly side of man influences him to think only in terms of things of earth, and to live only for time and pleasure. All that is evil is fostered by man's fleshly nature, and the yielding and catering to this side of man is responsible for all the misery, sin and degradation that is in the world.

The fruit of the Spiritual side of man is seen in all the love, the joy, the peace, and in every good thing that is done. Credit must be given to it for all the uplifting influences in the world, which are under man's control. From the Spiritual side of man, which is nourished by the Word of God, comes every light that shines forth to illuminate the pathway of mankind.

Within each individual life there is a conflict, and one or the other of these two sides to human life predominates. If one's Spiritual nature overcomes, he will be one of earth's noblemen, but if the other side is victorious, darkness and oblivion await the individual.

Each must choose the way he will go, and each must decide whether his life will be a blot of darkness, or a shaft of light to brighten the earth.

CIVIC PROGRESS

THE FAIR

In only a few short weeks the brilliant, history making Premiere of the Golden Gate International Exposition will be staged! Our community, along with all others in California, has been invited to take part in the official cavalcade, to participate in the many splendid activities planned for the opening, February 18 and 19.

Paul G. Selmi

We have a grand opportunity to take advantage of the publicity given this entire area because of the fair. Every public spirited citizen and organization of Daly City should cooperate in the program which has been outlined by the World's Fair premiere committee.

Our part in the official opening is to appoint committees to mobilize a cavalcade to proceed to Treasure Island and represent this community at the premiere; to enlist every local citizen in the drive to make our own community colorful with store decorations and costumes for every man, woman and child; to plan the most entertaining and inviting program of community festivities possible.

I have asked the Daly City Chamber of Commerce to arrange a definite program for all organizations and citizens of Daly City to participate in premiere activities.

With every person proudly dressed in Western attire, with every store and home brimming with hospitality, our part in the World's Fair Premiere can go down in history as one of the finest accomplishments of Daly City. Be part of it . . . plan for it . . . work for it. Let's all pull together for a really outstanding program.

Uneven wear of the front tires nearly always suggests the need for realignment of the wheels. Sometimes, however, the alignment is innocent of any wrong doing, reports L. G. Evans, general service manager of the National Automobile club. It pays to check the wheel bearing for looseness before tackling toe-in. If the bearings are loose, there is play in the wheels. It is easy to determine. Jack up the wheel. If there is more than a suspicion of play, the bearings should be taken up.

LOCAL NEWS OF DALY CITY FIELD

Mr. and Mrs. Lawrence Behl, San Francisco, are receiving the congratulations of their friends upon the birth of a son Wednesday, January 11, at St. Luke's hospital. The baby, who has been named Warren James, is the grandson of Mr. and Mrs. Fred Junker sr., Miriam street.

Mr. and Mrs. Chester Smith, Woodrow street, entertained fourteen friends at a buffet luncheon Monday afternoon in honor of the second birthday of their daughter Ellen.

Miss Esther Tesene, Clear Lake, Iowa, who spent two weeks visiting relatives in Los Angeles is now visiting her brother and family Mr. and Mrs. Harold Tesene, Westlake avenue. She expects to remain in Daly City about two weeks.

Mr. and Mrs. E. G. Hensley and son and Mrs. I. Hensley sr., Capp street, San Francisco, were visitors Thursday afternoon of last week at the home of Mr. and Mrs. N. Meeth, Westlake avenue.

Mr. and Mrs. W. Campbell and family, Agnew, spent Sunday as the guests of Mrs. Helen Manderville, Risel street.

Mr. and Mrs. Duncan Scaife, Crocker avenue, are receiving the congratulations of their friends upon the birth of a son born Monday morning at Mary's Help hospital in San Francisco.

Mrs. A. Meeth, Westlake avenue, entertained a group of friends from Trinity center in San Francisco, at luncheon Friday of last week. Her guests were Mrs. I. Albin, Mrs. Leona Gardiner, Mrs. Otha Kinsey and the Misses Bessie and Lillian Walker.

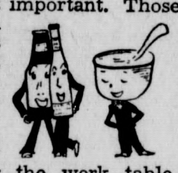
Kathryn Sandy, San Diego avenue, who has been ill for the past month at the University of California hospital in San Francisco, is now convalescing at the home of friends in Redwood City.

HOMEMADE SOUPS

Soup-making is an art, if ever there was one! It is a challenge to every woman's creative ability to take a few staple supplies, put them in a kettle, and produce a steaming dish that's fit for a king. The skill lies in being able to blend flavors and textures with a master hand, not by rule always but rather by tasting and testing and by developing the judgment that comes with experience. As one woman expressed it, "you need a cup of imagination and a pinch of daring, to make soups!"

Soups are of infinite varieties. They may be thick or thin, strained or unstrained, they may be made with or without meat stock, but in every instance they must be savory, and, unless purposely chilled, they must be served piping hot.

Meat, vegetables, cereals, and seasonings are the chief materials required in soup-making, and of these the seasonings are by no means the least important. Those rows of small jars and bottles that stand on the pantry shelf, or better yet, that are arranged in a little cabinet of their own over the work table, may well be regarded by Mrs. Homemaker as a challenge to her own individual skill in soup making. These condiments, moreover, help to avoid blandness and monotony in soup-making; they make soup-making both a science and an art.



* * *

Many of the condiments referred to above will be perfectly familiar and many you probably already have on hand. The use of these, then, becomes just a matter of remembering to put them to their greatest use in our everyday cooking. These are such seasonings as ground parsley, sage, celery salt, mint, Mexican chili, onion salt, dry mustard, poultry seasoning, and bay leaves.

* * *

Condiment sauces, too, have a distinct contribution to make in the creation of a soup as well as in general cooking. There are many good fish, steak, seafood, and seafood cocktail sauces on the market. And added to these are all those more specialized sauces, such as barbecue, walnut, burnt onion, chutney, mint, curry, and anchovy sauce. Such a list, moreover, would be most incomplete without Worcestershire, soy and tabasco sauce.

* * *

All these sauces and seasonings, of course, must be used with discretion and combined with a real seasoning art. A good test of the final success of your soup making is this: If a friend in sampling a spoonful remarks, "Very nice" and puts down the spoon, the soup is a failure. If instead, she says, "How delicious this is—that dash of tabasco and pinch of sweet thyme in it is just right," then the soup is good. But should she remark at the first taste, "What in the world is that delicious, indescribable flavor? I must have a bit more," then you can sit back with contentment and rate yourself an A-number-one soup maker!

In other words, avoid the obvious and let your soup be permeated with a mysterious inscrutability!

* * *

A most satisfying soup, and one always sure to make a big appeal to the men in the family is Savory Bean Soup. It uses a new condiment now on the market — Hickory Smoked Salt. This salt is delicious to use wherever the inimitable flavor of ham or bacon is desirable as the finishing flavor touch. It is available either in liquid or dry form, is inexpensive and easy to keep on hand. It has many variations, but here is the basic recipe:

SAVORY BEAN SOUP

1 cup navy, kidney, black, or lima beans
4 cups cold water
1 teaspoon onion salt
¼ teaspoon celery salt
¼ teaspoon black pepper
2 cups milk (or 1 cup sour cream and 1 cup milk)
1½ to 2 teaspoons hickory smoked salt

Soak beans overnight in water to cover. Drain, add cold water, onion salt, celery salt, and black pepper. Simmer, covered, 3 hours or until beans are soft. Rub through sieve, add milk, and reheat. Just before serving blend a small amount of hot soup with the hickory smoked salt, return to soup, and blend thoroughly. Serve with toasted or sautéed croutons. Serves 4.

Christian Science Lesson Sermon

CHRISTIAN SCIENCE CHURCHES

"Ascribe ye greatness unto our God. He is the Rock, his work is perfect: for all his ways are judgment: a God of truth and without iniquity, just and right is he." These words from Deuteronomy comprise the Golden Text to be used Sunday, January 22, in all Churches of Christ, Scientist, branches of The Mother Church, The First Church of Christ, Scientist, in Boston, Massachusetts.

The subject of the Lesson-Sermon will be "Truth." Included among the Scriptural selections will be: "I will praise thee, O Lord, among the people: I will sing unto thee among the nations. For thy mercy is great unto the heavens, and thy truth unto the clouds" (Ps. 57: 9, 10).

The following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy, will also be included: "This Science teaches man that God is the only Life, and that this Life is Truth and Love; that God is to be understood, adored, and denmonstrated; that divine Truth casts out suppositional error and heals the sick" (p. 471).

Grace Church to Hold Special Services

One week of special services will be held at the Grace Church of the Nazarene, January 23 through January 29, according to the Reverend N. M. Lewis, local pastor.

"This preaching mission is to be something different, something new. We have invited a number of neighboring pastors as our guest speakers for the week. Those who are to take part are: Reverend Arthur F. Grobe of the East Oakland church, Reverend Robert Coulter of the San Jose church, Reverend Harold Woodall of the Palo Alto church, Reverend Percy Bartram of the First Church of Oakland, Dr. A. O. Hendricks of the Berkeley church and the Reverend Roy F. Smee, district superintendent of the Northern California district. These different speakers will also have a number of workers with them who will render the special music."

The public is invited to attend these services.

Mr. and Mrs. Delmer R. Shults, 139 Vista avenue, are the proud parents of a daughter born January 3.

Mr. and Mrs. Melvin Kennedy, Los Angeles, are residing with Mr. and Mrs. Charles Reinhardt, Templeton avenue. Mr. Kennedy has been transferred from the southern city to the northern section of the state.

MUSIC-BOOKS-DRAMA

Daly City Library Has Many New Books

Big books, little books; books of philosophy and books of nonsense; books about Canada and books about dolls—in fact, books for everyone are available at Daly City's fine new library. This community has one of the best small libraries in the Bay area. Not only that, it's getting better all the time. Indicative of the high type and wide range of books on its shelves is the following list of new books recently added to its collection:

FICTION

Aldrich, "Song of Years"; Bottome, "The Mortal Storm;" Deeping, "Malice of Men;" De La Roche, "Growth of a Man;" Douglas, "Disputed Passage;" Du Maurier, "Rebecca;" Field, "All This, and Heaven Too;" Lofts, "Colin Lowry;" Rawlings, "The Yearling;" Spring, "My Son, My Son!;" Stewart, "East of the Giants;" Yenni, "This Is Me, Kathie."

NON-FICTION

Biddle, "Creative Flower Arrangements;" Breed, "Principles and Practice of Surveying;" Casteret, "Ten Years Under the Earth;" Clark, "Labor Movement in America;" Clark, "France on $50;" Curie, "Madame Curie;" Dana, "Sutter of California;" De Kruif, "Fight for Life;" Ekins, "China Fights for Her Life;" Gunther, "Inside Europe;" Halliburton, "Book of Marvels" (the Occident); Halliburton, "Second Book of Marvels" (the Orient); Halsey, "With Malice toward Some;" Hertzler, "Horse and Buggy Doctor;" Hillis, "Live Alone and Like It;" Jacobsen, "You Can Sleep;" Lawes, "20,000 Years in Sing Sing;" Lewis, "The Big Four;" Liddell, "Europe in Arms;" Lin, "The Importance of Living;" Lindbergh, "Listen! the Wind;" Mantle, "Best Plays of 1937-1938;" Muntz, "Urban Sociology;" Nash, "Organization and Administration of Play Grounds and Recreation;" Quinn, "Beautiful Canada;" Sabin, "Painting and Decorating;" Saliers, "How to Keep Accounts and Prepare Statements;" Stanger, "History of San Mateo County;" Weeks, "How to File and Index;" Winter, "This Business of Being a Clubwoman."

BOOKS FOR HOBBYISTS

Ackeley, "Dolls to Make;" Becker, "Bob Becker's Pet Book;" Calkins, "Care and Feeding of Hobby Horses;" Dobbs, "First Steps in Weaving;" **Gaba, "On Soap Sculpture;"** Gibbard, "Hobbies for Girls;" Gibbard, "Pastimes and Sports for Girls;" Houghton, **"The Cactus Book;"** Jackson, "Pastimes and Sports for Boys;" Jordan, "The Home Toy Shop;" Leeming, "Models Any Boy Can Build;" Lukowitz, "Interesting Art Metal Work;" Milligan, "Fist Puppetry;" Murray, "Fun with Paper Folding;" Reynolds, "Complete Book of Modern Crafts;" Scott's Postage Stamp Catalogue; Tangerman, "Whittling and Wood Carving;" Taylor, "The Complete Garden;" Tomlinson, "Crafts for Children."

CHAMPAGNE BATH

As we can see by the papers, California politics still manages to be fairly lively. But today's enthusiasm can't approach the political frenzy of 82 years ago. To quote from "Almanac For Thirty-niners," latest publication of the Federal Writers' project of Northern California:

"A Customs House official was so elated over the election of David C. Broderick as U. S. Senator in January 1857 that he took a bath in champagne.'"

San Francisco will hold a celebration for a week preceding the opening of the California World's Fair on February 18.

Italian old masters by famed painters and sculptors worth $15,000,000 arrived in this country early in January en route to the 1939 California World's Fair.

Explore American Folkways

Formation of a Joint Committee on Folk Arts "to explore the folkways of America" by coordinating projects already underway, has been announced by the Works Progress administration.

"We are bringing together and using all the oral, popular, and traditional materials that express ways of living in our country," reported Dr. B. A. Botkin, committee chairman and director of the folklore studies of the Federal Writers' project. "It is a concerted effort to explore the folkways of America."

The materials already collected include legends and folktales, folk music, games, dances, rituals, and folk art.

The committee will be made up of experts employed on the arts projects of the WPA, and its principal work will be to coordinate and develop the folklore studies of the Federal Writers' project, the Federal Theatre project, the Federal Music project, and Federal Art project, the Historical Records survey, and the Recreation and Education divisions of the WPA.

Plans for the work include the use of recording apparatus by the Federal Theatre project to record folk songs, folk tales, and conversations. The material recorded will be used in plays and broadcasts.

The archives of American Folksong, in the music division of the Library of Congress, has placed its facilities at the disposal of the committee so that the materials can be classified, indexed, and preserved.

Educational and artistic institutions, including Columbia unversity, University of Pittsburgh and Chicago Art institute, have offered to act as depositories for all or part of the original drawings and photographs made by the Federal Art project.

Plans also include publication. The writers' project expects to issue several folklore volumes in the early spring.

Final Examinations For Jaysee Students

With final examinations under way at the present time, San Mateo junior college students will close the fall semester next weekend. Before the graduating students leave junior college for work or attendance at other colleges, they are having their pictures taken for the yearbook, "The Campus."

Final plans are underway for the Sophomore Formal which will be held January 27 at the Hotel Sir Francis Drake in San Francisco.

The releasing of the 1939 football schedule shows that San Mateo jaysee will meet three Southern California junior colleges in the series of games to be played. One of the two trips south will be for a game against Pasadena jaysee in the Rose Bowl.

Under the direction of Dell Fishback, new track coach, the jaysee track squad is turning out for regular practice. The squad is growing rapidly in numbers.

Plans are now under way to have the new science building fully completed for the opening of the fall semester in September.

By the narrow margin of one vote Miss Frances Dekker was named president of the Associated Women Students.

The Peninsula Forum, meeting each Monday evening at the college, has changed its starting time to 8:15 p. m. The discussions will close at 9:30 p. m.

Mr. and Mrs. Nicholas C. Porrazzo, Vandome avenue, are being congratulated upon the birth of a daughter, Joan, born Thursday of last week at St. Joseph's hospital in San Francisco.

Legion Auxiliary Hears Reports

Members of the twenty-sixth district, American Legion auxiliary, met Friday evening, January 13, at the Burlingame Legion hall, to hear the semi-annual reports of the district chairmen in charge of various auxiliary programs. District President Mary Hayes presided over the meeting.

After reading of reports, Department President Chess presented to the district a beautiful silk district banner, funds for which were raised by Alice Reilly, ways-and-means chairman.

Mrs. Chess urged the cooperation of all members in the Legion's legislative program, stressing the five major projects on which the Legion is concentrating this year, namely, care of veterans' widows and orphans, national defense, universal service, veterans' employment, restriction of immigration, and deportation of un-naturalized aliens after a specified time.

Resolutions of sympathy were ordered transmitted to the families of two members who had passed away since the last district meeting, Mrs. Betsey Oleson of Half Moon Bay and Cleo Miller of San Francisco.

Members were urged to attend the district Americanism meeting at Redwood City, January 15.

JEFF HI BASKETBALL TEAMS PLAY SEQUOIA

CALIF. PARENTS-TEACHERS CONGRESS PLAN TO INTRODUCE LEGISLATION AT '39 SESSION

Definite Action Taken By State Board of Managers at Two-Day Conference, January 10-11, Held at Chancellor Hotel in Los Angeles

(Continued from Page 1)

subject to minimum standards required by the State Department of Education; the California Bureau of Juvenile Research will be authorized to cooperate in making clinical examinations upon the request of the governing board; county superintendents of schools will be authorized and empowered to do anything under this Act which may be done by the governing board of the school district; two or more school districts may combine to provide the facilities suggested under this Act; if a child is both physically and mentally handicapped the school district could claim the additional grant from the State under one of these categories; the State Department of Education shall prescribe minimum standards for special classes or other types of instruction for these mentally handicapped children.

COMMUNITY RECREATION

"The Community Recreation measure is not intended to affect the larger cities of the State so much as the small cities and rural districts, practically none of which has any community recreation," Georhe Hjelte, recreation chairman, explained to the board. "This is so because it is impracticable to set up in these small communities a public recreation department or other agency and the only hope of having any community recreation is through use of the public school facilities with some sponsorship upon the part of the educational authorities. In so far as the big cities are concerned, however, any thing they are now doing in aiding community recreation will have more legal backing if the proposed legislation is enacted," said Mr. Hjelte.

OTHER MEASURES

Other measures which will have the support of the congress are: 1. Provision for the establishment of an Institution for Defective Delinquents. This institution will provide facilities for defective delinquents of all ages and both sexes. An institution of this type is urgently necessary, if the most dangerous type of law offender is to be removed from the community.

2. The Congress approved in principle the proposed legislation providing adequate educational facilities for migratory children and will give consideration to any bill which may be introduced to provide such education.

3. Senate Bill No. 6 is endorsed in principle. This provides for the control of fireworks.

FOR FURTHER STUDY

Measures to receive further consideration before action is taken, include:

1. Proposed legislation for the control of liquor;

2. Bills designed to more adequately protect the community from sex offenders which have been introduced by Senator Swing and Judge Lindsey. These bills are quite different and the Congress voted to defer action until the legislative committee could consult with the State Department of Institutions, attorney general and others.

3. Bills which have been introduced to eradicate venereal diseases.

1939 CONVENTION

"Democracy As a Way of Life" is the theme of the 1939 convention to be held in Santa Barbara, May 16 to 18 inclusive. The program will be developed by speakers, exhibits and demonstrations. Family Relations, Civic Responsibility, will be two of the topics discussed. Dinners, luncheons, and evening sessions in the open bowl, are being planned, while afternoon sessions will be given to the presentation of departmental work. The convention will be a model "school of instruction" for the delegates.

LEGION WHIST

Daly City Post, No. 410, American Legion, is giving a monster whist at the Masonic hall, Friday evening, January 27, at 8:30 p. m. Larry Reilly is chairman and promises a very entertaining evening. Many prizes will be offered as well as a cash prize. The public is cordially invited to attend this affair. Plans are to make this a monthly affair.

Farthers Forum Met At Pershing

To reorganize the Fathers Forum and set up auxiliary forum units to each local individual P. T. A. was proposed at the meeting held Tuesday evening in General Pershing school. This proposal followed a letter of recommendation from George V. White, chairman of the Seventeenth District Fathers Forum.

Melvin Conroy, Jack Carnevale, H. G. King, Jack Leppin, and D. N. Lorenzo were appointed on a committee to work out procedure for the contemplated change.

The planning of a mother's night on March 21, a future dinner meeting, and a horseshoe tournament were other items of business considered at the meeting.

REPORT INTERESTING TOOTH DECAY FACTS

Recent discovery in dental hygiene reveals that girls between the ages of 6 and 15 years are more susceptible to tooth decay than boys of the same age, according to an article in the December issue of the Journal of the American Dental association by Doctors John W. Knutson, Henry Klein and Carroll E. Palmer of Washington, D. C.

The triumvirate of dentists arrived at that conclusion after studying reports on a survey of the teeth of approximately 5,000 school children in an eastern city. Their study shows, too, that the first molars, the most important teeth in the mouth, are less resistant to decay than other members of the dental arch.

Mr. and Mrs. James McCullough, Colma, entertained Mr. and Mrs. Elmer Ohlendorf of Daly City at a chicken dinner on Monday evening.

PLAN SIGN SYSTEM FOR TREASURE ISLE

Motorists visiting Treasure Island, site of the Golden Gate International exposition, will be guided by signs conforming to standard sizes, shapes, and colors of the official road sign system on California streets and highways.

Under arrangement with exposition officials, installation of the signs was begun last week by the California State Automobile association, official road signing agency for this territory.

Nearly a hundred markers of various types will inform and direct motorists in accordance with traffic regulations in effect on the island and approaches from the Bay bridge.

HOSPITAL REPORTS

JUNIPERO SERRA HOSPITAL

Miss Mary Juisti, 221 South Park avenue, Daly City, was treated on January 16, for a cut thumb.

Alivin Arata, 7334 Mission street, was treated by Dr. Drees for a sprained muscle on the left foot.

George Cordellas, age 12, 209 Olive street, Daly City, fractured and dislocated his left wrist while playing on bars at Acton park, Daly City. He was treated by Dr. Drees.

PARK SNOW SPORTS

Better than ordinary thrills are offered California skiiers and other winter sport enthusiasts, in the National Park areas, according to the touring department of the National Automobile club.

Some of the best speed slopes available in any snow sports areas are in Lassen Volcanic, Yosemite and Sequoia National parks. Construction of extensive artificial facilities, including towering frameworks of ski jumps, is not permitted. However, steep hillsides in some areas fashioned during deep snow into natural jumps, have functioned successfully, offering even better possibilities for long leaps than the familiar tall towers.

During recent years the Park Service has found it possible to give greater attention to the encouragement of winter sports, due to CCC encampments and assignments.

Plenty to Drink At Fair — In 77 Water Founts

There will be plenty to drink on Treasure Island during the fair.

Plenty of water, that is.

The Exposition has installed 77 ornamental outdoor drinking fountains in the courts and along the avenues.

Each fountain will have four individual streams of drinking water so that 308 persons may quench their thirst simultaneously on Treasure Island.

A reservoir specially built by the exposition on Yerba Buena island, 260 feet above the heads of visitors to the fair, holds Treasure Island's water supply—3,000,000 gallons of it. It comes from San Francisco reservoirs and it's sent over there via a submarine pipe by an Embarcadero pumping plant.

SM Jaysee Board Approves Scholarship Plan

A plan for a scholarship fund for needy students was outlined by Colonel Charles N. Kirkbride at a meeting of the San Mateo junior college district board last Friday night.

The fund would be raised through contributions by individuals, service clubs and other organizations and would be administered by an incorporated group with approval of the junior college board. The group would not be connected directly with the school board.

With the trustees endorsing the proposal, Colonel Kirkbride, chairman of the board, said he expected to have legal phases completed and incorporation papers ready by the February meeting.

In addition to providing scholarships, the fund would permit loans to deserving students at the junior college.

Possibility of financing completion of the second floor of the new junior college science building in order that a saving may be effected in construction costs and the entire structure made available for use next autumn was discussed.

Superintendent Homer Martin was authorized to confer with the district attorney to ascertain whether the board may accept a revision of bids. Architect Harry A. Thomson informed the board that construction costs are increasing.

Cost of completing the building would be approximately $35,000, about $6000 more than when bids were first submitted.

Appoint Coach

The board approved the appointment of Del Fishbach, new junior college track coach; ruled against collection of money at public meetings sponsored by junior college groups; authorized Superintendent Martin to investigate water costs for the new junior college; approved the offer of San Mateo and Burlingame optometrists to test students' eyes free of charge, and reduced to 50 cents the fee for short courses at the junior college adult center.

Art of Peru On Display

Rare and ancient treasures from Peru—a cloak of feathers, ornaments of beaten gold and silver, pottery and textiles—have been lent anonymously for exhibition at the San Francisco Museum of Art. On view until the end of the month, these articles are specimens of the greatest culture of the South American Continent of 2,000 years ago. They are burial treasures which, like the similar treasures of Egypt, have been preserved in perfect condition in the dry sands of a region in which rain almost never falls. They were discovered only recently and are among the very few items of this sort which the government of Peru has allowed to leave the country.

The civilizations represented are mainly the Chimu of the northern coast of Peru and the Nazca of the southern coast of Peru before their conquest by the Inca Empire. Included are tapestries, brocades and other weavings of llama and vicuna wool and cotton, which are considered among the greatest achievements of the weaving art, a cape made of parrot feathers, decorated pottery in shapes of birds, skulls and other symbolic designs, gold and silver masks, beakers and ornaments, bowls of lacquered wood and utensils of stone. All are handsomely designed and many are in brilliant color. They were not intended as objects of daily use but were gifts to the dead for use in the afterlife.

Lecture Series

On Wednesday evenings a series of talks will be given pointing out sources of modern art in periods and aspects seldom developed in art histories. The comparison will make clearer the art ideals of today. January 25, Wednesday evening at 8 o'clock, Walter Gordon will speak on Expressionism in Medieval Art.

P. T. A. Conference Is Great Success

Playing hostess to an enthusiastic gathering of 108 seventeenth district P. T. A. members, Jefferson Union high school unit entertained last Friday at a "Northern District" conference in Daly City. Mrs. Susie Sanders, president, and her executive board were in charge of arrangements and Mrs. B. D. Ralston presided. Principal James Ferguson extended greetings.

Mrs. E. K. Strong, first vice president of the California Congress of Parents and Teachers, was speaker of the day. She urged a better understanding of the aims, policies and ideas of the Parent-Teacher association.

Northern district unit presidents introduced were: Mrs. E. M. Gaines, Bayshore; Mrs. Virginia Davidson, Crocker; Mrs. C. C. Higginbotham, Edgemont; Mrs. I. C. Marquis, Pershing; Mrs. E. H. Burgman, Lomita Park; Mrs. A. L. Dezell, Martin primary; Mrs. C. S. Barnes, Grand avenue; Mrs. H. M. Dunn, Millbrae; Mrs. Anne Rosekind, Northbrae; Mrs. Louise Laston, Woodrow Wilson, and Mrs. Victoria Plate, San Pedro.

REPORTS

Departmental reports were presented by Mesdames Helen Gothan, C. N. Underwood, M. M. Elder, Robert McLean and G. B. McKinney. Vice presidents Mrs. George Bruns, Mrs. F. M. Stanger, Mrs. W. G. Fuhr and Mrs. Ray Boulton spoke briefly of the work of their departments and Mrs. F. J. Steele told of the fine program her department has prepared for the next district meeting. District chairmen who were introduced included Mesdames E. C. Styskel, Edward Simpkins, Florence Heegstra, C. S. Hower, A. F. Hollingsworth, C. M. Bandtel, C. N. Kirkbride, J. M. Foley, George Woodside and M. A. Hinrichs.

The musical part of the program included a group of songs by Mrs. Orvilla D. Pauw, accompanied by Miss Corrine Pauw; the Jefferson Union high school orchestra, under the direction of Dante Lembi and the Crawford sisters and Robert Nelson in vocal selections. Students of the Bayshore grammar school were heard in orchestral selections and Carley Carle and James Rasor of the General Pershing grammar school danced. Miss Janna Van Derwal presented piano selections.

Mrs. C. W. Corson, state chairman of elementary rural extension, spoke at the afternoon session of the conference.

PRESS LUNCHEON

Seventeenth district, California Congress of Parents and Teachers, will entertain members of the San Mateo county press at a luncheon, January 31, 1:15 p. m. at St. Catherine's School, Bayswater and Park Road, Burlingame. This press dinner is an annual event.

Governor Hears Industrial Welfare Report

Mrs. Mabel E. Kinney, chief of the Division of Industrial Welfare, reports to Governor Culbert L. Olson that through the activities of the Division of Industrial Welfare during the month of December, 1938, $4,144.58 was added to the earnings of women and minors in California. Of this amount, wage adjustments collected totaled $3,868.21 and affected 365 workers. In plants operating on a piece rate basis in the fruit and vegetable canning and in the nut cracking and sorting industries, $276.37 was reported as audit adjustments, and paid and added to the earnings of 131 women and minor employees.

During December, 58 complaints were received from workers regarding non-payment of minimum wages and improper working conditions, and these were investigated and violations corrected. Complaints regarding hours of labor over the legal maximum were referred to the Bureau of Labor, as they are the enforcing body of the eight-hour law for women and minors.

Outside inspections, investigations and audits during December totaled 350. Learners' licenses were issued for the employment of 98 apprentices during the past month. Permits were issued to 19 infirm or elderly workers, authorizing their employment at a special minimum wage, and 45 such permits were renewed.

AMERICAN LEGION BACKS BAYSHORE HOSPITAL PLAN

Twenty-sixth district, American Legion, in formal resolution at their last regular meeting, added support to the drive to establish a first aid hospital at Mills Field.

In addition to endorsing Robert A. Roos' plan, the legion instructed its traffic safety chairman to confer with Mr. Roos and make every effort to arouse public interest in the program. A copy of the resolution was sent the San Mateo County Traffic Safety commission and the San Mateo County Board of Supervisors.

DISCONTINUE BOYS' CLUB TEMPORARILY

Because of scheduled basketball games, the regular Wednesday night meeting of the Boys' club at Jefferson Union high school gymnasium will be discontinued until the latter part of February. This announcement was made early this week by Jerry Hull, director of the Daly City Recreation department.

FIVE ILLS POSSIBLE

There are five possible explanations for the failure of current to reach the coil, according to L. G. Evans, general service manager of the National Automobile club. They are a loose connection, which is the most common, a broken wire, defective switch, dead battery or a poor ground connection.

BUSINESS CLASSES LARGE AT SAN JOSE

Students at San Jose State college intend to know their business, judging from a survey recently completed by Dr. Earl Atkinson, head of the commerce department.

An increase of 746 students in commerce classes, over the number enrolled in 1935, was noted in the survey. A total of 1835 students are now taking work in the department, as compared to 1089 in 1935. Largest number in a single class is 151 for business law. There is an average of 48 students in each of the 38 classes.

"Drums", Tale of Conquest, To Open at Local Theatre

Sabu Heads Cast of Action Drama Shot in Natural Color on India's Northwest Frontier

All the thrills, danger and romance of life on the North West Frontier of India will be brought to the screen of the Daly City theatre next Sunday, Monday and Tuesday, January 22, 23 and 24, when "Drums," Alexander Korda's magnificent technicolor production, begins a three day engagement there.

Sabu, the sensational child star of "Elephant Boy" fame, is featured with Raymond Massey, Roger Livesey, Desmond Tester and Valerie Hobson at the head of a cast of 3,000 in this exciting cavalcade of empire building, photographed in natural color in nature's most dramatic setting.

The stirring story casts Sabu as a brave young Indian prince who, with the help of his Scottish drummer boy pal, is able to foil the fiendish plotting of his power-mad uncle, Prince Ghul, forestall the wholesale slaughter of British troops, which Ghul had planned as a bloody climax of a five-day ceremonial feast, and regain his own rightful place on the throne.

The breath-taking realism which marks the battle scenes and the scenes of Indian tribal life was achieved by invading India's treacherous Khyber Pass, territory which no motion picture camera had ever penetrated.

A beautiful romance is contributed by Roger Livesey, as the redoubtable Captain Carruthers who undertakes the mission into the hostile Prince Ghul's territory, and Valerie Hobson, as the bride who accompanies him to this distant and dangerous outpost, where she is the only woman among thousands of men.

"Drums" was directed by Zoltan Korda and is released through United Artists.

Companion feature on the new bill at the Daly City theatre, beginning Sunday, will be "Just Around the Corner" with charming little Shirley Temple.

There's eye-appeal and warmth in this head of Sabu in his character as the Hindu princeling in "Drums," opening at the Daly City theatre, Sunday, January 22.

NEWS NOTES OF PERSONAL INTEREST

Mrs. Edith Easley, Antioch, spent last week-end visiting at the home of Mrs. Mary White on Theta avenue.

A notice of intention to wed was filed in Redwood City this week by Joseph P. Cunningham, 24, Y. M. C. A., San Francisco, and Ruth O. Clark, 22, Daly City.

Mrs. A. B. Crown and Miss Mildred Jorgensen, Felton, Santa Cruz county, were guests over last week-end at the home of Mr. and Mrs. Ernest Barazoto, Peoria street.

A marriage license was issued in San Francisco this week to John Arteseros, 25, 463½ Sanchez street, and Cecilia Verbrugge, 20, 80 Whittier street.

Mr. and Mrs. Fred Shaughnessy, San Diego avenue, entertained a group of friends at dinner Friday evening in celebration of Mrs. Shaughnessy's birthday.

Mrs. Dorothy Hintermann has been confined to her home on Vandome avenue the past week suffering from a severe cold.

Mrs. Mary White and grandson Bob Barr, Theta avenue, motored to Berkeley Tuesday where they visited Mrs. White's cousin, Mrs. Millie Gordon.

Edward Boyle, Winchester street, is ill and confined to his home.

Mr. and Mrs. S. N. Pfeiffer, Hillcrest drive, were hosts at a birthday party Saturday evening, honoring Mrs. Pfeiffer.

Speeding motorists reach their end faster, according to the safety department of the National Automobile club. To enjoy motoring, the club suggests driving with reasonable care, and consideration of the rights of others on the streets.

Thomas Clarke, Templeton avenue, is ill and confined to the Community hospital.

Mr. and Mrs. Nicholas V. Porrazzo, 59 Vendome avenue, are the proud parents of a daughter born January 12.

Mr. and Mrs. Earl Abbott and son Cleon, Bellevue avenue, returned home from Pasadena Monday evening. They had motored to the southern city to attend the funeral of Sherman Quinby, 18-year old son of Mr. Abbott's nephew. The lad accidentally shot himself while cleaning his gun.

Mrs. Elizabeth Joscelyn, daughter of Mr. and Mrs. Earl Abbott, Bellevue avenue, is reported much improved in health. She has been ill for the past two months and is now convalescing at the Canyon sanitarium, Redwood City.

Mrs. L. V. Williams, Knowles avenue, spent several days with her daughter, Mrs. Louise Curry, in Los Angeles.

Miss Sylvia Manderville, Sacramento, spent the week-end as the house guest of her mother, Mrs. Helen Manderville, Risel street.

SHERIFF McGRATH TO INSTITUTE POSSE

Sheriff James McGrath will institute the recently formed San Mateo County Sheriff's Posse Sunday, January 22, when he administers the oath and pins deputy sheriff badges on the officers and members of the troop at the livestock pavilion in Visitacion Valley.

The posse will have the sheriff as guest at a luncheon in his honor preceding the actual induction ceremonies which will take place at 1:30 p. m. A short program will follow which includes riding and roping exhibitions by members of the posse and mounted drill by the entire troop.

MISS PANSY ABBOTT APPOINTED TO SERVE

Announcement that Miss Pansy Jewett Abbott, San Mateo county school superintendent, has been named by Dr. Walter F. Dexter, state superintendent of public instruction, to serve on the state committee on junior colleges, was made last week. This important committee will consider all phases of education on that level in the state.

Miss Abbott has also been named to serve on a national committee to make a survey concerning non-employment of trained certificated teachers in the United States. This appointment comes through the National Education association.

Motorists may hesitate to open car windows in cold weather, but hand signals are even more important in slippery weather than at any other times, according to the safety department of the National Automobile club. Motorists should help prevent accidents by forming the good habit of notifying drivers behind of their intentions to turn or stop. It is not only courtesy, but good common sense.

That thump in the front of the car when driving over a rough stretch of road often is the product of loose spring bolts, states L. G. Evans, general service manager of the National Automobile club. It makes for discomfort because the resilience of the spring is destroyed. It is dangerous because it means that one leaf of the spring is taking all the strain. It also contributes to hard steering. But it is most easy to remedy.

TRUE BLUE L. O. L. HOLD INSTALLATION

A large gathering of local and Bay district orangemen witnessed the installation of newly-elected officers of the California True Blue L. O. L., No. 118, last Saturday evening in the Daly City Masonic temple. Held under the auspices of the Illustrious Loyal Orange Institution of California, the installation ceremony was performed by Brother J. M. Chestnut, The Most Worshipful State Grand Master of California, and his assistants.

Commending the progress made here during the last year, Brother Chestnut delivered an interesting address, answered by one from Brother Alfred Jones, Worshipful Master of L. O. L., No. 118.

Later in the evening chicken dinner, arranged by Brother J. Swan P. M., Mrs. Swan, Mrs. Chestnut and Mrs. Bartholomew, was served.

Newly installed officers for the ensuing year are Alfred Jones, W. M.; W. W. Allen, W. D. M.; William Cornwall, secretary; E. H. Parker, treasurer; Joseph Swan, chaplain; William McConnel, D. C.; Jack Bartholomew, I. T.; James Whiteside, O. T.; Matthew Dickson, F. C.; and James M. Chestnut, William McConnel and Hugh McClements, trustees.
